#FoT794: Seasonal-Boundary: Summer to Fall

"Seasonal-Boundaries" are plants that sown in the soil in the magical world, and sprout and grow in the basic world. This species appears standing at the boundary of summer and fall.

Category: Plants

Attribute: Subordinate + Retention

Appendix: In the other seasons, they don't "stand" and appear as if it were a tired giant spider half buried in the ground.

#FoT794: 季さかい: 夏秋

「季さかい」は魔界で土に宿り、基界で芽吹き生長する植物である。
この種のものは夏と秋の境目の時節に佇立する姿を見せる。

Category: 植物

Attribute: 従属+保持

Appendix: ほかの季節においては「佇立」は行われず、半分土に埋まりへたばった大蜘蛛かのような形態をとるらしい。
