#FoT801: Sun Light Holy Sword: "Pon-G Scheme"

A holy sword with a blade made from a thread of sunlight unearthed in an abandoned town.

The sword has a rather disturbing supernatural property, as it deprives the cut area of "being illuminated by the sun".

Category: Items

Attribute: Cognitive + Opposite

Location: A Certain Point / Suburbs of the Abandoned City  
【aCP】

Appendix: It is also a sword that has the pathetic aspect of having been given such a joke of the name after the bad habit of the excavator.

斬りつけた部分から「太陽に照らされること」を奪うという、割と物騒な超自然性を持つ。

Appendix: 発掘者の悪い癖が出た末に、このようなふざけた名前が付けられてしまったという哀れな一面を持つ剣でもある。
