## #FoT-830:認知的光化技法術/Cognitive Lightnize Technigixes

<Translated 14/Oct/2022>

No.830: Cognitive Lightnize Technigixes

"Cognitive" existences such as spirits are good at it, and they are Technigixes that change the appearance of things into "cognitive light".

By applying it, it is said that the user is able to literally move at the speed of light within the visual range of those who are aware of that "light".
