<Translated 05/Dec/2022>

This is a kind of plants that obtain existence through the power of "cognition" called a spirit tree, and this is its passive state.

It is said that when a person with some kind of disorder or illness approaches it, it activates and blooms beautiful phantom flowers that only the person can see.

スピリット・ツリーという"認知"の力を以て実存を得る植物一種であり、これはパッシヴの状態。 何かしらの不調や病気を持つ者が近づくと活性(アクティヴ)化し、その者にしか見えないきれいな幻の花を咲か す、らしい。
