```

It's a race of automata who have a structure like a bolt itself in their appearance. They are a race of automata with a 'minimum' of human reason and intelligence, and while some people consider them lowly, others find them simple and beautiful.

ボルトそのもののような構造を外見に持つオートマータ種族。
人間の理性や有知性を「最低限」備えた種であり、彼らを下等だと思ふ人間もいれば、素朴で美しいと思ふ人間もいる。
