

#FoT-773:波精靈／Spirit of Waves

<Translated 18/Aug/2022>

This spirit appears mainly in windless areas and creates "waves" on the surface of the water and in the sand on the ground.
For some reason, it stubbornly stares back into the eyes of one of the creatures present.

主に無風地帯に出現し、水面や地面の砂に「波」をつくっていく精霊。
なぜかその場にいる生物の内ひとりの目をかたくなに見つめ返してくる。
