

## #FoT-730:理想の顔:樹懶<ドローイング>/The Ideal Face: Sloth<Drawing>

<Translated 06/Jul/2022>

The face looks like a sloth traveling by hooking his claws in the wind.  
Like them who don't have to cross dangerous paths or run along deflecting power lines.

風に爪をひっかけて旅するナマケモノ、のような顔。  
危険な道を横切ることも、たわむ電線を伝わなくてもいい彼らのような。
