

#FoT-192:テクニジカのウミゾウ／Sea Elephant in Technigica

<Translated 14/Jan/2021>

In Technigica, there are beings called "monstrous forms," which are supposed to dissipate into thin air, but due to "the action of denying dissipation," they have taken on substance.

Among them, a subspecies of sea monsters that lives in the sea and has elephant-like tusks is called a "sea elephant".

本来霧散してしまうはずの存在が「霧散を否定する作用」により実体を得た、怪異形と呼ばれる存在たちがテクニジカには居る。

そのなかでも、海に生息しゾウのような牙を持つウミボウズの亜種は「ウミゾウ」と呼ばれている。

Category: けもの／怪異形／ウミボウズ亜種

Attribute: 反对

Whereabouts: T-242 号／温带～亜寒帯地域にある海【242】

[illegible]
