

#FoT-220:アマビエ:構成文／Amabie: The Code

<Translated 11/Feb/2021>

This is a code of technigic that was treated as mere graffiti by the locals, which was observed by the interviewer Ozakefu in a city where the epidemic had passed. The details of its potency are unknown, but according to Ozakefu, he was able to guess its general nature from the way it was coded and the motifs it depicted.

取材者オーザケフが伝染病の流行の去ったある街で観測した、地元民にただの落書き扱いされていた技法構成文。
効力の詳細は不明だが、オーザケフ曰く、コードの組み方や描かれたモチーフから大体の性質は察することができたらしい。
