In some of the dimensions within World Technigica, there were many countries with the same name as "my" home country. However, almost all of them gave me the impression that they were, to varying degrees, "another country with the same language as the mother tongue of my home country" (as far as WoSe had told me).

世界テクニジカ内のいくつかの次元には、「私」の母国と同じ名前の国の存在が多数認められた。しかしそのほとんどが、程度の差はあれ「同じ言語を母語に持つ別の国」とであるという印象を受けるものだった（ウォセから伝え聞いた限りでは）。
